## Insurance Premiums for Summer 2019

You are receiving this notice because you currently have an appointment of less than 12 months. An appointment of less than twelve months is treated as a nine-month appointment for purposes of insurance premium payroll deductions. Therefore, summer premiums (June, July and August) will be deducted from your May earnings. You will also receive an appropriate 3-month state group insurance premium contribution, in most cases. Any medical, dental, vision, or AD&D premiums, as well as spending account deductions, you pay out-of-pocket will be taken from your pay on a pre-tax basis.

If you do not plan to return for the fall semester, please contact your HR Liaison or your Human Resources/Personnel Office.

A total of \$401.96, representing the employee out-of-pocket portion of the monthly insurance premiums, as well as the remaining portion of your spending account deductions for May, June, July, and August will be deducted from your May 2019 pay.

The information in this letter is subject to change if new information is obtained after this letter is provided. If you have any questions or need further assistance, please contact HR Benefits Services at [benefits@tamu.edu](mailto:benefits@tamu.edu) or (979) 862-1718.
