HUMAN RESOURCES AND ORGANIZATIONAL EFFECTIVENESS

Important Legacy System Cutover Dates
HR Liaisons are encouraged to review the information regarding Time, Absence, Recruiting and Payroll available at workday.tamu.edu. With just 20 days until the launch of Workday, there are many important legacy system cutover dates that need to be met to ensure a smooth transition from our current systems to Workday.

Crosswalks Between Today's Tools and Workday
HR Liaisons are encouraged to check out the crosswalks (EPA, HRConnect, iBenefits, LeaveTraq, Monthly Payroll, TimeTraq, BPP Screens, BPP Reporting) available on Workday Help under Get Started. These crosswalks will provide a good understanding of where to find certain information and reports in Workday that you customarily use in today's processing.

Commonly Used Workday Reports
Workday is configured with many standard reports available to the various security roles. In addition, the A&M System Project Team has created custom reports based on our current HR and payroll needs. HR Liaisons are encouraged to review the list of commonly used Workday reports available on Workday Help under Get Started.
The list includes the report name, description, recommended schedule and the security roles that have access to each report.

**Job Postings**

Please remember that any new jobs to be posted in PATH will need to be sent to the Recruitment and Workforce Planning staff no later than 3pm on Tuesday, November 28. New jobs posted during this time will only be available until December 5 for applicants to apply. Otherwise any new job postings can be created and posted on Workday beginning Wednesday, December 6.

All recruitments started on PATH should be completed on PATH with either a fill or cancel. PATH will continue to be available to internal users to complete the process for recruitments after the implementation of Workday. The processes will continue to be as they are currently and hiring certificates will be issued as backup for the entry of the new hires into Workday. All documentation related to the PATH posting will continue to be uploaded to the posting on PATH for document retention purposes.

For questions related to PATH postings, contact Rita Bowden at rbowden@tamu.edu or 979.862.1015. For questions related to HSC postings, contact Kim Johnson at kimjohnson@tamu.edu or 979.458.3051.
