Tax Changes Result in More Take-Home Pay for Employees
As a result of recently enacted federal tax reform legislation, all employees likely will see an increase in take-home pay beginning this month.

The Tax Cuts and Jobs Act passed by Congress in December 2017 and being implemented now changed the tax rates and brackets used to determine the income tax withheld from each paycheck. Therefore, taxes withheld will decrease and take-home pay will increase for employees who maintain existing work schedules and benefit

The Internal Revenue Service (IRS) suggests reviewing your withholding for 2018 to ensure that you are not having too much or too little withheld from your pay based on these new rates and tax brackets. The new IRS withholding tables and answers to frequently asked questions are available on the IRS website. Income tax withholding amounts can be adjusted through the Workday “Pay” worklet. Under “Actions” select “Withholding Elections”.

Questions about these changes may be directed to Financial Management Operations, Tax Compliance & Reporting office at tax@tamu.edu.

Employees are encouraged to read the FAQs regarding this subject in the link referenced above. Texas A&M cannot provide tax advice but may be able to help with useful information.

Tax Tables
The Workday tax tables have been updated to reflect 2018 rates.

One Time Merit Payments for March 1
One Time Payments are driven by the effective date in Workday, not the date paid. Units should use the Request One Time Payment business process to initiate a one-time merit payment, which will route through the approval chain to an Executive Approver and paid out according to the effective date of the payment. Additional information about one-time merit payments can be found online at https://employees.tamu.edu/compensation/flexible-comp/merit-pay/.

Special Emoluments
Emoluments to be processed for terminated employees and emoluments that a department needs to have grossed-up for tax purposes cannot be entered using the Workday business process of “Request One-Time Payment”. Please contact payrollprocessing@tamu.edu for direction on handling these special items.

Useful Reports for Managers & Timekeepers
Payroll has a list of Useful Reports for Timekeepers and Managers on our website. It is important that Managers & Timekeepers work together and review these reports to make sure all timesheets are submitted and approved before established deadlines. The reports can be run from the Search Bar in Workday:

- Review Time
- Workers with No Time Entered
- Workers with Time Entered but Not Submitted
