HUMAN RESOURCES AND ORGANIZATIONAL EFFECTIVENESS / PAYROLL SERVICES

**Applicant Initial Review Process Change – Effective July 16, 2018**

The *Initial Review* of applicants within the Workday Recruiting Process is changing. Effective July 16, 2018, HROE Recruitment will no longer be performing the *Initial Review* on individuals applying for Staff/Temp Casual Job Requisitions posted through Workday. Instead, this step will be done by the Recruiting Coordinator for all Job Requisitions within their area of responsibility. Click here for the Recruiting Business Process overview with links to detailed instructions for performing the *Initial Review*.

In addition, Recruiting Coordinators are required to email HROE Recruitment at jobs@tamu.edu to obtain clearance for candidates prior to a candidate’s move to the *Offer or Background Check* stage in Workday. Failure to do so could result in delays in the hire process. Click here for more information about duplicates in Workday.

Please email jobs@tamu.edu for questions about this process change.

**HRROE Ticketing System**

Share the following information within your departments as appropriate.
created a guide (found [here](#)) with sample inquiry types and the respective HROE department to contact. To further enable timely service, please keep in mind the following:

- Address your email to **only one department** and include the **Inquiry Type** in the subject line.
- Please **do not** copy multiple departments (cc) as this may unnecessarily delay a response.
- Once the ticket is closed, please do not respond back with thank you – it reopens the ticket.

Questions regarding the ticketing system may be directed to [HR-feedback@tamu.edu](mailto:HR-feedback@tamu.edu).

**Open Enrollment for Benefits (July 1-31)**

Open Enrollment is now available in Workday through July 31! Check out the Open Enrollment announcement and video available on the Workday home page for important information. In addition, all employees are strongly encouraged to review their current benefit elections, dependents and beneficiaries by clicking on the Benefits worklet and selecting Benefit Elections.

Employees will have a Workday inbox item, *Open Enrollment Change: (EMPLOYEE NAME)* on 09/01/0218, to initiate benefit election changes and submit. As a reminder, it is recommended that employees review their current elections prior to making any changes. Once the employee has made the appropriate changes (or elected not to make changes), it is important to SUBMIT the event. If no changes are made and the employee does not hit submit, the task will be removed from their inbox at the conclusion of Open Enrollment.

**CORRECTION - Employees Must Be Full-Time and Monthly-Paid to Participate in 12 over 9 Premium Deductions**

12 over 9 – Please note that **full-time, monthly-paid** employees working less than 12 months will be set up with 12 over 9 premium deductions beginning 9/1/18: they will pay a slightly higher premium for their benefits to cover them for the summer months rather than deducting all of the premiums from their May earnings (paid June 1 for monthly-paid employees). Full-time, monthly-paid employees who have 9-month through 11-month academic periods in Workday should have Open Enrollment tasks that show the prorated premiums. A chart of the 12 over 9 premiums can be found at [http://assets.system.tamus.edu/files/benefits/pdf/ae/FY19/aepages/PremiumsFT9.pdf](http://assets.system.tamus.edu/files/benefits/pdf/ae/FY19/aepages/PremiumsFT9.pdf). Part-time employees and full-time biweekly-paid employees who have 9-month through 11-month academic periods will have summer premium payments as they have in prior years, with 4 months of premiums deducted from their May earnings, or they will be set up on billing for the summer if their May earnings do not cover the cost.

Smoking Rates in United States Hit All-Time Low
The percentage of current adult smokers (18 years and older) has decreased from 16% in 2016 to 13.6% in 2017. This is the lowest rate recorded by the National Health Interview Survey since it began in 1965. At this rate of decrease, adult smokers could be at less than 12% by the year 2020! We can do it!
