**Recruiting/Hiring Tips**

*Uploading Hiring Process Documents:* To expedite the recruiting process in Workday, hiring process documents need to be uploaded to the HROE Recruitment **Secure Document Server** as soon as possible once a candidate is chosen. It is preferable to have these documents uploaded prior to making the candidate an offer. Candidates cannot be moved forward in the **Ready for Hire step** until complete documentation has been uploaded, reviewed and authorized by HROE Recruitment.

*Recruiting Process:* It is recommended that candidates be moved through the process in real-time in Workday. Initial Review → Screen → Interview → *(Upload Documents to Secure Document Server) → Offer → Background Check → Ready for Hire.*

**NEW! Shared Email Account for UIN and I-9 Inquiries**

As you may recall, HROE migrated shared email boxes to a ticketing system to help manage inquiries as well as improve communication and services. Questions regarding the UIN and Form I-9 processes can now be sent to UIN-I9@tamu.edu. Sensitive and/or controlled information including completed I-9s or social security numbers **should not** be sent via email. Please consult the updated job aid, which provides sample inquiry types to help identify which department and shared email address to use. Inquiries sent to the incorrect shared email address will automatically be reassigned to the appropriate department by HROE staff. To further enable timely service, please keep in mind the following:

- Address your email to only one department and include the ‘Inquiry Type’ in the subject line.
- Please do not copy multiple departments (cc) as this may delay a response (multiple departments will have to coordinate who is responding).
- Once the ticket is closed, please do not respond back with ‘thank you’ – it reopens the ticket.

Questions regarding the ticketing system may be directed to HR-feedback@tamu.edu.

**Edit Government IDs Task in Onboarding Business Process**
HR Liaisons are encouraged to remind their benefits-eligible new hires to complete the *Edit Government IDs* task in Workday. If the employee does not have a Social Security Number (SSN), they can submit the step and *Edit ID Information* upon receiving a SSN. The SSN is required for benefits to be activated on the appropriate effective date.
