COVID-19 Return to Campus Courses
In alignment with requirements set forth by Governor Abbott’s executive order GA-21 as amended by GA-22, employees are required to complete the following System Office courses in TrainTraq before returning to campus (regular worksite):

- 2114130 : Protocol and Certification for System Member Employees
- 2114131 : Safe Practices for Returning to the Office During the COVID-19 Pandemic

These will be automatically assigned to new employees. We continue to work with the System Office to provide a Spanish version. An update will be provided when we have more information.

In the meantime, we are pleased to share non-employee versions are now available. We worked with Texas A&M University’s Risk Management office to create versions for non-employees who are affiliated with the University such as visiting scholars, grad researchers, ROTC officers. The courses are available through TrainTraq’s external gateway. Instructions for using the gateway are attached; and, the current password (through June 14) is: dai$Y-12P*pCron.

If you have questions, please continue to contact Organization Development at OrgDev@tamu.edu.

Timely Processing of Unemployment Claims – ER Requests for Information
Employee Relations asks for your cooperation in processing information requests for unemployment applications. Please prioritize our requests for information pertaining to employees who have applied for unemployment benefits. It is very important that you process these as soon as possible, and do not wait until the last day to return the information to our office. *This allows ER ample time to respond to the Texas Workforce Commission (TWC).*

Due to the increased volume of responses from COVID-19, it is taking the Employee Relations Business Partners longer to get our responses back to TWC’s website, so it is imperative that we receive the information in a timely manner. If you are unsure about how to explain the circumstances regarding the employee’s employment status, please contact our office and we can help with that! If you have any questions at all, please call or email us. Our phone number is (979) 862-4027, and our email is Employee-Relations@tamu.edu.

Glassdoor Reviews – Don’t Forget
Providing your review really does help Texas A&M to rise above others in the online world of recruiting. For the past year, we have been working with Glassdoor to raise awareness of the TAMU brand. These efforts have resulted in more visibility for the university as well as our open positions, but we need your help. Texas A&M needs only 20 more employee reviews to be considered for the 2021 Best Places To Work. Please take a few minutes right now to visit the TAMU Glassdoor home page, navigate to the bottom of the page and start your review. Make sure to follow Texas A&M University to receive the latest updates. Thank you!

**Paid Holiday / Early Release Not on Timesheet**

In order to get the time blocks to create for early release, paid holidays and inclement weather events the calculations need to run on the timesheet. These calculations run automatically when employees enter/update time. If an employee does not have worked time to enter or update (paid time off, holidays all week) or they entered all time prior to the event being added to the calendar, they should Run Calculations on their timesheet. You can find the option to "Run Calculations" in the Enter Time menu at the bottom left of the employee's timesheet. The time sheet needs to be submitted and approved for the time to pay.

Alternatively, Timekeepers can choose to run calculations for everyone or groups of individuals.

Run Time Calculations for a Date Range:
1. Search for Run Time Calculations for a Date Range report.
2. Select the workers for whom you'd like to run calculations.
3. Enter Run Frequency [Run Now].
4. Enter a Request Name.
5. Select a Start Date and End Date to define the date range for calculations.
6. Click OK to run process.

**Holiday Pay**
As per System Regulation 31.04.01 System Holidays Section 1.3, if an employee has unpaid Time Off for the entire workday immediately before or after a holiday, they **should not** be compensated for the holiday(s). The employee or Absence Partner should submit Unpaid Time Off to make sure the employee is not paid for the holiday(s).
